NEW YORK AIR NATIONAL GUARD

F.S. Gabreski Airport
150 Old Riverhead Road
Westhampton Beach, NY 11978-1201

ANNOUNCEMENT #: 14-006

DATE: 10 JUL 2014

CLOSING DATE: 30 AUG 2014

UNIT: 106th Rescue Wing

AFSC: 2W091

MAX AVAILABLE GRADE: SMSgt

AREA OF CONSIDERATION:

POSITION TITLE: Munition Systems Safety

All candidates may apply who meet the basic qualification for position.

SPECIALTY SUMMARY

Responsible for safety, security, and accountability of all nonnuclear munitions and related components. Performs and manages munitions production and materiel tasks and activities. Identifies munitions and equipment requirements. Operates and maintains automated data processing equipment (ADPE) to perform inspection, testing, and stockpile management activities. Stores, maintains, assembles, issues, and delivers assembled nonnuclear munitions. Routinely demilitarizes nonhazardous munitions. Related DoD Occupational Subgroup: 164500.

QUALIFICATIONS AND SELECTION FACTORS:

- Selection for this position will be made without regard to race, religion, color, creed, gender, or national origin
- The requirements and qualifications prescribed in this announcement are the minimum.
- Selection is not assured merely by meeting these requirements.

OTHER QUALIFICATIONS:

Must possess a valid state driver's license to operate government motor vehicles (GMV) in accordance with AFI 24-301, *Vehicle Operations*. Must complete A 10 duty-day assessment period with the local Safety Office, on condition that travel to the local safety office does not require TDY funding, and have a memorandum/recommendation letter from the Safety Officer, or designated representative, summarizing assessment activities. Recommendation by unit commander. Normal color vision as defined in AFI 48-123, *Medical Examinations and Standards*. Freedom from fear of heights (Acrophobia). No record of claustrophobia or claustrophobic tendencies. No medical conditions preventing prolonged standing, repetitive movements, walking up to one mile, or walking up and down stairs.

INTERVIEW:

An Interviewing Board will be scheduled for all qualified applicants. Applicants will be notified of date and times.

KNOWLEDGE:

Knowledge is mandatory of: composition and characteristics of munitions, storage, safety, and security and environmental requirements and procedures; fusing and arming systems; technical drawings; precision measuring tools and equipment; wiring diagrams; handling, use, and disposition for nonhazardous materials; munitions materiel accounting systems; basic mathematics; policies and procedures for accountability and pecuniary liability; techniques of munitions materiel management and procurement; Air Force property accounting; munitions policies and procedures; inventory and stock control; preparing and maintaining munitions records and documents; procedures for hazardous and nonhazardous materials; and procedures for assets turn in.

APPLICATION PROCEDURES:

Applicants will prepare and forward one copy of their Resume, Letter of Intent, Commanders Endorsement and Letters of Recommendation (if applicable).

Applications will be accepted by mail only and must be postmarked with a date on or before the close out date of this announcement. It is highly recommended that all applicants obtain a delivery verification receipt for their package.
